

"A must-see for all Floridians."

*Patrick Smith's Florida Is*

# A Land Remembered

Author Patrick Smith's son, Rick, presents a unique, high-energy, multimedia experience about his father and the experiences that led him to write his beloved novels.

Rick's show combines his own quirky brand of humor and storytelling with videos, family photos, music, sound and visual effects to bring this writer's colorful life into focus.

"I can't begin to describe how much we enjoyed your presentation. We were totally engrossed by your lecture and the videos. It gave me a wonderful new dimension from which to appreciate the book even more."

~David and Tatiana (Staats)

"Thank you! For sharing your Dad with us. I always love the story. Now, knowing the research and devotion he put into creating his books, the story is that much more special.

Both you and Kim are what brings that much more joy and charisma to the experience."

~Kim Mohlenhoff, Hobe Sound Nature Center

"Rick spoke at the Florida House luncheon last week. The show was fabulous! I have received many emails from our members saying that it was one of the best and most informative programs we have ever had. Can't say enough about this great show!

IT IS A MUST SEE FOR ALL FLORIDIANS."
